Sir,

SUBJECT - Estimate for laying street sewers along the road between Acharya High School and the new layout in the Narasimharaja Colony

I have the honour to state that an estimate for Rs 1,170/- for the above work was prepared by the Engineer Officer, City Improvement Trust Board, on the ground that this line could not be laid when the under-ground drainage works in this area were in progress as no sites had yet been formed then Now that some sites in the area have been formed and that the owners of these sites who have completed the construction of their houses have been asking for sewer line to be laid along the main line, an estimate for the work has been prepared This was placed before the Board at its meeting held on 20-8-1947 when the following resolution was passed

"RESOLVED THAT the estimate be approved"

I accordingly request that the approval of Government may kindly be obtained to the above estimate, the cost on this account being met out of the savings under the sanctioned estimate for "Laying sewers in the Narasimharaja Colony "
